Do you have broadband on this line at present? Please tick one box

Yes No

I authorise my current service provider to transfer the designated telephone line and its associated call management services to Smart Telecom. I understand that Eircom will activate a facility so that Smart Telecom will handle all the calls on the line and this overrides any alternative service provision options that are already in place. I am authorised to act on behalf of the company in this matter.

To ensure the efficient provision of facilities such as directory enquiries and line fault handling, Smart Telecom retains the customer name, address and telephone service details. I consent to the retention and sharing of such data in order for service to be provided to me. I am also aware that this is a bundled service from Smart Telecom-offering both phone services and broadband and is based on a 12-month contract payable via direct debit.
